

24 November 1954

OGC Has Reviewed

Memorandum for: Acting Chief, Finance Division

25X1A

Subject : [redacted] - Contract Consultant

1. Reference is made to your memorandum of November 4, 1954, wherein you request that this office review subject's status as a contract consultant to determine whether any incompatibility exists in relation to the dual compensation statutes and, if so, what action, if any, is required. You undoubtedly recall my memorandum of September 27, 1954, wherein this general problem was discussed in the light of specific decisions of the Comptroller General. It is my understanding that you are familiar with my memorandum of September 23, 1954, addressed to the Chief, Fiscal Division, wherein the applicable criteria relating to this type of consultant is set forth. It does not appear necessary to make further comment thereon.

2. With respect to the instant case, it is apparent that Contract Number P-315-52 is somewhat obscure in that paragraph 1d. thereof indicating the rate of compensation and the basis thereof has not been completed in a normal manner. This obscurity, however, is clarified subsequently by the statement from the Deputy Assistant Director for Personnel by memorandum dated September 20, 1954, wherein it is stated [redacted] was clearly employed on a 'fee' rather than a 'time' basis since his rate of \$50.00 per day of service was to be paid regardless of the number of hours he consulted during any one day.

25X1A

3. This office fails to perceive any basis of disagreement with this statement.

4. The file is returned accordingly.

25X1A

[redacted]  
Assistant General Counsel
